

# ISSi-Site

Improve Service with Web  
Portals for Participants,  
Trustees and Providers

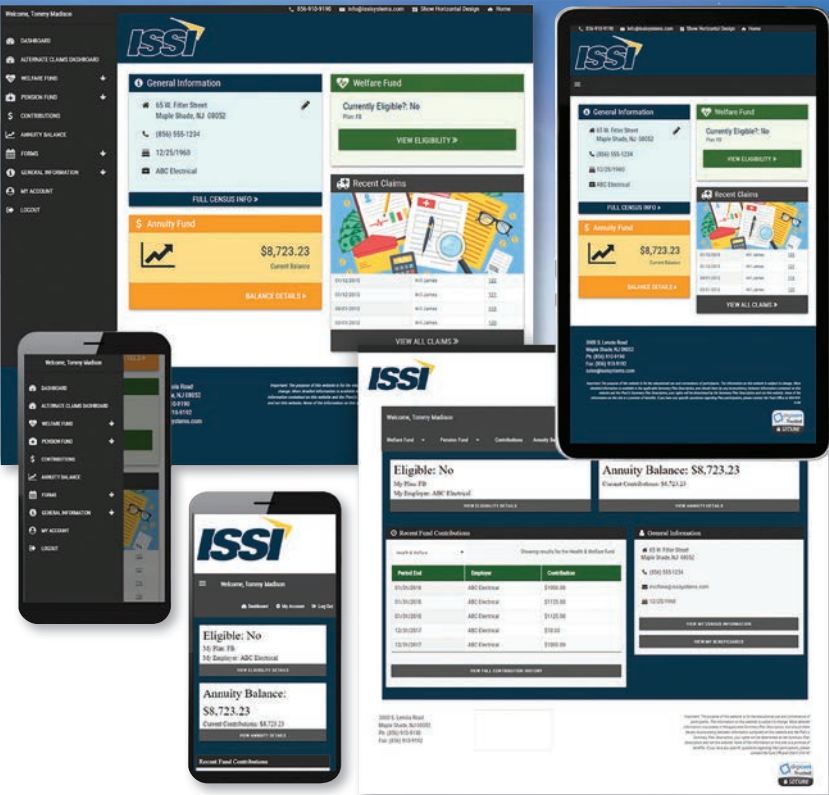

# Information On-Demand, 24/7

The Funds' ISSi-Site integrates with the ISSI Benefits Administration System, providing Participants access to current information on:

- Enrollment Data, Dependent Data, Eligibility, Work History, Claims History with Detailed EOBs, Defined Contribution Balances and History, Pension Statements and Calculations, Benefit Statements, HRA Balances, Vacation Balances... **and more!**
- **Additional Capabilities can include:** Secure Online Payments via Credit Card or ACH Bank Transaction, Secure Messaging and File Uploads/Downloads, and Electronic Forms.

*Flexible “Dashboard” approach provides an organized snapshot of key data elements at a glance upon login*

## Reduce Costs, Increase Efficiency

- ISSi-Site allows Participants to fill out and submit Electronic Forms, including change of address, benefit enrollment, beneficiary designation and more, saving paper and postage costs for both the Funds and Participants.
- Electronic Forms reduce manual data entry for the Funds, by allowing the data to flow directly into the ISSI system for review and approval.
- Automated email correspondence and secure messaging allows the Funds to distribute information to Participants quickly and effectively.

# Secured, Protected and Mobile-Optimized

- Secure Login provides greater security of Participant information than mailed correspondence.
- All ISSi-Site portals are HIPAA and HITECH compliant.

*ISSi-Site includes built-in Mobile Optimization allowing for ease of use on smartphones and tablets without the need to download a special app. This responsive web design automatically reformats screen layouts to include larger menu buttons and content for optimal viewing and navigation.*

# Improve Service While Reducing Calls to the Fund Office

Providing Participants with unlimited access to the Participant Portal allows them to retrieve their Benefits information at any time, without having to call the Fund Office.

In addition to secure portals, the ISSi-Site Team can work with the Funds to establish a professionally designed public website with general Benefit Funds information.

## Participant Registration

Participant registration allows users of the Participant Portal to create their accounts autonomously, in three easy steps:

1

Register  
for an  
Account

2

Receive  
Activation  
Email

3

Complete  
Activation  
Process

---

## Trustees, Plan Professionals and Providers

In addition to secure Participant Portals, the ISSi-Site Team can work with the Funds to develop secure portals for Trustees, Plan Professionals and Providers.

- Trustee Portals allow the Funds to publish downloadable documents for authenticated users.
- By eliminating paper copies of meeting agendas, Fund reports, and other documents, Trustee and Plan Professional Portals significantly decrease printing costs.
- Provider Portals allow the Funds to provide a web-based online lookup service for Providers, allowing them secure access to Eligibility, Claim Status, Claim History, EOB Inquiry, and more.

## The ISSi-Site Service Includes:

- Custom site development
- Ongoing site maintenance and updates to site content
- Registration of the Funds' domain name
- Full site hosting  
(there are no new hardware or telecommunication requirements)

*“ISSi-Site has enabled our administration to become more productive, efficient and cut costs. The tools and resources available through ISSi-Site have allowed us to improve the way we provide service to our Participants, which is the core of our business.”*

– Fund Administrator,  
UFCW-affiliated Benefit Fund
